1. The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

As noted on the foreign priority document adjacent "Anmeldtag" and on the separately filed paper titled "REQUEST FOR GRANT OF PRIORITY DATE" submitted 12/12/2003, the filing date of the priority German application is 13 December 2002. However, the declaration incorrectly lists 13 December 2001 as the priority date. Please note that 12/13/2001 is two year prior to the U.S. filing and is invalid as a priority date under 35 USC 119.

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Lohde et al., and Keane teach other fluid actuated piston valves with a solenoid actuated pilot vent valve.

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 1,

Part b), line 1: "1-" has been deleted.

4. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach a fluid control valve that includes a valve housing with an inlet

Art Unit: 3751

and an outlet on opposed sides of the housing so that the inlet to outlet flow direction is parallel to a longitudinal axis of the housing, a valve flange on a displaceable piston that moves in a direction that is not parallel to the longitudinal axis of the housing and the direction of fluid flow, a control volume behind the piston that communicates with the fluid inlet and can vent to the fluid outlet through an electromagnetic pilot valve wherein the pilot valve is located on the same side of the housing as the fluid outlet.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
